FOR IMMEDIATE RELEASE

**Signature Control Systems Expands North American
Presence with Talented Personnel**
Company is experiencing rapid growth

IRVINE, CA (April 2, 2007) - Signature Control Systems, Inc. has strengthened its US and Canadian presence by expanding its team to include industry veteran **Dale W. Hansen** as **Commercial Sales Director – North America**.

Hansen, who started with the company in April, will concentrate on Signature's Commercial Turf product range in North America by working with irrigation consultants and distributors, with the focus being to consolidate and maintain the rapid growth the company has been experiencing.

Dale brings with him a strong technical and sales background in irrigation with more than 34 years of turf irrigation experience. He previously spent 15 years at Valmont Industries and 15 years at L.R. Nelson, where he held the positions of Sales Manager, Vice President-Product Manager and Vice President-Sales. Most recently Dale was with Hydropoint Data Systems and Acclima.

"I joined Signature Control Systems because of the product - but more importantly – because of the technology behind the product," Hansen said. "The **eConstellation™** internet control system offers the irrigation industry a window to the future, and at Signature Control Systems the future is right now, and I'm excited to be part of the team."

(MORE)

“We are excited to have Dale on our team,” said Brian Smith, President and Chief Executive Officer of Signature Control Systems. “As a leader in the commercial irrigation industry, Dale brings a level of expertise that we can benefit from, at this time of rapid growth of our company,” Smith said.

About Signature Control Systems

Signature Control Systems, Inc. is the industry leader in the design and manufacturing of intelligent equipment for turf-grass site management, including **Aurora®** Golf Management Systems, **Constellation®** Turf Management Systems and **Avior®** Vehicle Management Systems. These products include irrigation controls, site management software, vehicle maintenance and GPS products. Signature provides landscape managers, golf course superintendents, as well as property managers direct control of irrigation, vehicle preventative maintenance and tracking as well as many other turf-oriented products.
