<b>SUBJECT</b>	<b>PRODUCT FEATURE COMPARISONS, DESCRIPTIONS AND AVAILABILITY</b>
<b>RELEASE DATE</b>	<b>FEBRUARY 16, 2011</b>
<b>GMB NUMBER</b>	<b>2011.03</b>
<b>PAGES</b>	<b>PAGE 1 OF 3</b>

## SUMMARY

Over the past two years, the spray head product lines from Signature have been redesigned and updated. We are pleased to announce the entire line of spray heads 4" (10,2 cm) and smaller are now available.

- 63S Series: in stock and available
- 63X Series: the complete 2½" (6,3 cm) and 4" (10,2 cm) line will be available the first week of March 2011
- 63X Series: the 6" (15,2 cm) and 12" (30,5 cm) versions are not released as yet; a GMB will announce when these products are available

As there has been some confusion in regards to product features and availability, it is hoped the following details clear up these issues.

### 63S SERIES – POP-UP SPRAY HEADS

The 63S Series of spray heads combines top qualities in a basic, low-cost spray head. This spray head is designed for light residential and commercial applications.

### 63X SERIES – POP-UP SPRAY HEADS

The 63X Series of spray heads combines the best of our two previous product lines into one and adds a major new element, the patented iSTOP™ feature. This is our top-of-the line "smart" spray head; all versions are iSTOP compatible and can be ordered with Anti-Drain Valves (ADV) and Pressure Regulation (PR) as options.

## PRODUCT FEATURE COMPARISONS

### 63S SERIES – POP-UP SPRAY HEADS
