

# Account Set Up

## Step 1:

The screenshot shows the home page of the SCS Share website. At the top is a navigation bar with a 'Home' link and several icons. Below this is a 'LOGIN' section with input fields for 'Username' and 'Password', a 'Remember me' checkbox, and a 'Login' button. To the right of the login section is a 'QUICK LINKS' section containing three buttons: 'Create New Account' (green), 'Forgot My Password' (blue), and 'Contact Us' (blue). A large black arrow points from the 'Login' button area towards the 'Create New Account' button. Below the login section is a 'HOW IT WORKS' section with descriptive text about the SCS Share system. To the right of the 'HOW IT WORKS' section is an 'EZConnect' logo and a 'Features' section.

Go to [www.SCS-Share.com](http://www.SCS-Share.com).

Click on “Create New Account.”

HOW IT WORKS

SCS Share is an Internet-based central control system used with various Signature controllers. It communicates with irrigation field controllers using wireless connectivity, and allows management of controller from anywhere in the world via the Internet.

Along with all the advantages of Internet-based access to remote irrigation field controllers, SCS Share provides a weather-based irrigation scheduling option. Location-specific weather data (ET) is delivered daily to irrigation controllers which allows the realization of quantifiable water savings and reduced operational costs.

EZConnect

Features

12 independent programs
